

APSC 2018 - Saturday, 8 September 2018					
07:00 - 17:30		Registration			
Plenary Session 3 Debates					
Ballroom 2 & 3					
dr Astrya / dr Nani O/Asih Dwi Hayu/Yunita A/Anggita M					
Chairs : Udaya Ranawaka (Sri Lanka) / Henry MA					
08:00 - 08:30	All ESUS patients should have an implantation loop recorded. Yes vs No Speakers: Ronen Gurvitch (Australia) - YES vs Muhammad Yamin (Indonesia)-NO				
08:30 - 09:00	All asymptomatic arteriovenous malformation should be treated. Yes vs No speakers: Bernard Yan (Australia) - YES vs. Hon-Man Liu (Taiwan) - NO				
09:00 - 09:30	Patients with AF and history of ICH should be commenced on NOAC. Yes vs No Speakers: WC Fong (Hong Kong) -YES vs. Jose Navarro (Philippines) - NO				
09:30 - 10:00	Acute CT Perfusion should be mandatory for all ischemic stroke patients. Yes vs No Speakers: Yohanna Kusuma (Indonesia) - YES vs. Arvind Sharma (India) - NO				
10:00 - 10:30 MORNING TEA with poster viewing					
Concurrent Stream 7 Acute Endovascular Treatment		Concurrent Stream 8 Infection as Emerging Risk Factor for Acute Stroke		Concurrent Stream 9 -Oral Presentations 3-	
Ballroom 2		Ballroom 3		ASEAN 5	
dr Made Ayu / dr Nani / Asih Dwi / Yunita A / Krisetiva		dr Cyntia/dr Virza/Fera Riyani/Danisa/Anggita		dr Arie K/dr Arief R/dr Amyradita/Maria F	
CHAIRS:	Craig Anderson (Australia) / Henry Ma (Australia)	RT Lin (Taiwan) / Jeyara Pandian (India)		BW Yoon (South Korea) / Methil Pradeep (India)	
10:30 - 11:00	Is there a role for direct thrombectomy? Speaker: Bernard Yan (Australia)	10:30 - 11:00	HIV infection and stroke Speaker: Ahmad Rizal Ganiem (Indonesia)	10:30 - 10:40	THE NEUROAID II (MLC901) IN VASCULAR COGNITIVE IMPAIRMENT STUDY (NEURITES); BASELINE RESULTS Speaker : Narayanaswamy Venketasubramanian (Singapore)
				10:40 - 10:50	Chemical preconditioning with an Nrf2 activator reduces brain injury after experimental ischemia Speaker: Feng Zhang (US)
				10:50 -11:00	Up-Regulation of Cab45s Involves in Neuronal Apoptosis Following Intracerebral Hemorrhage in Adult Rats Speaker : Kaifu Ke (China)
11:00 - 11:30	How to use advanced imaging to select patient for endovascular therapy? Speaker: Teruyuki Hirano (Japan)	11:00 - 11:30	Infection and inflammation as stroke risk factor Speaker: Mohammad Wasay (Pakistan)	11:00 - 11:10	Exploring the neuroprotective potential of chlorogenic acid: an in-vivo and in-silico approach. Speaker : Gaurav Kumar (India)
				11:10 - 11:20	Predictors of periprocedural events and discharge outcome in patients undergoing Carotid revascularization-an Indian experience. Speaker: Sapna Erat Sreedharan (India)
				11:20 - 11:30	Effectiveness of combined external ventricular drainage with intraventricular fibrinolysis for treatment of intraventricular haemorrhage with acute obstructive hydrocephalus Speaker : Luong Quoc Chinh (Vietnam)
11:30 - 12:00	The impact of intracranial arterial disease on the outcomes of endovascular clot retrieval Speaker: Jin Soo Lee (South Korea)	11:30 - 12:00	Tuberculosis of the Central Nervous System and stroke Speaker: Tai Mei-Ling Sharon (Malaysia)	11:30 - 11:40	Antiplatelet treatment after TIA and ischaemic stroke in patients with cerebral microbleeds in two large cohorts Speaker : Kui Kai Lau (Hongkong)
				11:40 - 11:50	Screening for Stroke Risk Factors Using Stroke Riskometer™ Application and Portable Atrial Fibrillation Detection Device: An experience from King Chulalongkorn Memorial Hospita Speaker : Naruchorn Kijpaisalratana(Thailand)

Lunch Symposium					
Chairperson : Lekhjunga Thapa (Nepal) / Jin Soo Lee (South Korea)					
PIC : Danisya / Asih Dwi					
12.00-12.20	Update In VTE Speaker: Deidre de Ann Silva (Singapore), Sponsor by Medtronic				
12.20-12.40	Patient selection for coagulopathy testing in acute ischemic stroke Speaker : Lugyanti Sukrisman (Indonesia)				
12.40-13.10	Left Atrial Appendage (LAA) closure for stroke prevention in AF patients Speaker : Yoga Yuniadi (Indonesia)				
13.10 - 13.30	Patient Safety. Speaker : Sutoto (Indonesia)				
Concurrent Stream 10 Uncommon and Unusual Stroke Aetiology		Concurrent stream 11 Subarachnoid Haemorrhage		Concurrent Stream 12 -Oral Presentations 4-	
Ballroom 2		Ballroom 3		ASEAN 5	
dr Asthya/dr Nan/Asih Dwi /Yunita A / Krisetiya		dr Cynthia/dr Virza / Fera Riyani / Danisya / Anggita		dr Arie K/dr Arief R/dr Amyradita/Maria F	
CHAIRS:	Tsong-Hai Lee (Taiwan)/ MTM Riffy (Sri Lanka)	Abdul Hafid Bajamal (Indonesia) / Amarbayasgalan Ravdan (Mongolia)		Hamidon Basri (Malaysia) / Muhammad Akbar (Indonesia)	
13:30 - 14:00	Cerebral Venous Thrombosis Speaker: KS Tan (Malaysia)	13:30 - 14:00	Ongoing trials in the management of vasospasm Speaker: Vijay Sharma (Singapore)	13:30 - 13:40	Stroke and cardiovascular disease knowledge among adult smokers and non-smokers in Taiwan, from 2014 to 2017 Speaker : Enkhzaya Chuluunbaatar (Taiwan)
				13:40 - 13:50	SAFETY OF EXTRACRANIAL STENT OR INTRACRANIAL ANGIOPLASTY PROCEDURES BY NEUROINTERVENTIONIST IN INDONESIA Speaker : Fritz Sumantri Usman, (Indonesia)
				13:50 - 14:00	Chula Stroke Self-Help Group: A tool for empowering stroke patients Speaker : Pakkawan Vongvasinkul (Thailand)
14:00 - 14:30	Cryptogenic Stroke in Young Age Stroke Speaker: BW Yoon (South Korea)	14:00 - 14:30	Advances in the ICU management and the use of TCD for SAH monitoring speaker: Johnny Lokin (Philippines)	14:00 - 14:10	To study various factors causing delay in presentation of stroke patients in the rural tertiary care hospital located in Sub-Himalayan state of North India. Speaker : Dhiraj Kapoor (India)
				14:10 - 14:20	Safety of thrombectomy procedure using balloon angioplasty in patients with ischaemic stroke less than 24 hours Speaker : Fritz Sumantri Usman (Indonesia)
				14:20 - 14:30	Sex Differences in Stroke Metrics among Southeast Asian Countries: results from the Global Burden of Disease Study 2015 Speaker : Wen Yea Hwang (Malaysia)
14:30 - 15:00	Stroke syndromes and rehabilitation Speaker: Arvind Sharma (India)	14:30 - 15:00	Micro vasospasm and early ischemic damage after SAH: Opportunity for intervention Speaker: Amarbayasgalan Ravdan / Byambasuren (Mongolia)		
15:00 - 15:30	Air pollution, diet, physical activity and lifestyle factors Speaker: NV Ramani (Singapore)	15:00 - 15:30	Cerebral Aneurysm and subarachnoid haemorrhage : avoiding the diagnostic pitfalls Speaker: Achmad Firdaus Sani (Indonesia)		
15:30 - 16:00	AFTERNOON TEA with poster viewing				
Plenary Session 4 - Epidemiology of Stroke in Asia Pacific Region					
Ballroom 2 & 3					
dr Made Ayu/dr Virza / Danisya /Fera Riyani / Yunita A					
CHAIRS:	Teruyuki Hirano (Japan) / J Navarro (Philippines)				
16:00 - 16:30	Stroke epidemiology in the Asia-Pacific region Speaker: Udaya Ranawaka (Sri Lanka)				
16:30 - 17:00	Socio economic diversity in region and impact on stroke care delivery Speaker: KS Tan (Malaysia)				
17:00 - 17:30	Reducing Stroke Burden in The Asia Pacific - Roles of Regional Stroke Organisations and Care Networks Speaker: Man Mohan Mehndiratta (India)				
19:00 - 21:00	Faculty Dinner at Seribu Rasa
